

## New Membership Opportunities in 2018

To create a more convenient and motivational experience in aiding all our students to achieve their life goals, JAI Yoga Studio is now offering membership packages.

No more hassles with keeping track of individual class package expiration dates; memberships will be on an auto debit cycle allowing you to focus on, and inspiring you to regularly schedule your practice creating the results you are working hard towards attaining.

Current active packages will be honored until their expiration date, and discontinued packages will be available until December 31.
